Gold opened and closed in New York yesterday at 102%, without fluctuation during the day.

Memphis prokers are paying 101% for sums over \$50. It would seem from the present price of gold, and prospects of a still further decline, that the country is thout to resume without the ald of congress. The New York Bulletin, of the second instant, says: "The sumply of cotion bills is increasing and all the indications now point to importations of gold in the not distant futur. On Friday next the first \$10,000,000 of the \$50,000,000 of \$200 called for redemption during 0-tober and up to November 3d will fall due. Captain Henry M. Adams and Lleutenants Lockwood and Powell, of the United States survey service, are in the city, and have begun operations at this point.
The Coahoma, Captain Stack Lee, came in yester-

inat she had arrived at Newport with forty bales of new cotton, which she picked up between that point and Batesville.

The river people, and everybody, are invited to the perusal of an editorial on the second page on the subject of the improvement of the Mississippi river. What is worth doing at all is worth well doing, an is we hope the government may be induced to contribute liberally toward the much-needed im provements referred to.

The following gentlemen have been appointed by the president of the chamber of commerce to represent Memphis in the convention called to meet in St. Paul, on the eleventh Instant, for the purpose of urging upon congress more liberal appropriations for the improvement of navigation in the Mississippi river: Enoch Ensley, chairman; Jerome Hill, George R. Phelan, N. Fontaine, J. Harvey Mathes, of the Austanche, and John W. Cochran.
